But I wanted to tell you that I can t think of a time I left an author meeting with as much passion and conviction about the strength and importance of an author and his message. I would love st martins being instrumental in getting barak s story and some helpful (and really necessary) scenarios for the future out to the world, and I can promise you our fullest commitment. The house is all behind this at every level. Thank you for the meeting. I ll be checking e mail day and happy to talk.
